

## Product Datasheet

# INSIGHT

---

A people risk management strategy would be incomplete without access to reliable knowledge that highlights potential people risks and the insightful guidance for managing them.

Insight is the steady stream of need-to-know information that confronts the risk and compliance realities accompanying an employers biggest investment – their people.

## Insight Features

---

### Webinars

Expert led webinars on topics such as hiring practices, harassment prevention, overtime rules, and leaves of absence. Live and on-demand options approved for HRCI and SHRM recertification credits.

### Law Alerts

Relevant and timely alerts tied to the federal, state, and local regulations impacting employment policies and procedures.

### Newsletters

Monthly, sponsor branded newsletters containing HR hot topics, Ask the Expert columns, product announcements, compliance deadlines, and seasonal issues to stay ahead of the curve.
